## Local Notes.

Rowland is to vote on local option.

Stock has suffered greatly during  
the severe weather. Several head  
froze to death.

Bro. Tindler, who has been suffering  
from a deep cold, has, we are delighted  
to say, about recovered.

Local option continues to spread  
over the state. Pineville, up in the  
mountains, is the latest to fall in line,  
the majority vote being 238 to 58.

The morning train was delayed  
Wednesday by several cars jumping  
the track near Point Leavel. The  
passengers were brought to Rowland  
in a box car.

If you are a friend of The Record,  
we can order any daily paper or  
magazine for you and save you the  
usual agent's commission. Unless you  
are one of our customers, please don't  
have the face to ask us to send in your  
name.

Jack Stormes, who is enjoying the  
sunshine and fishing in Florida, had  
the cheek to send us a large poster  
announcing a circus to show there  
Saturday. It comes a little awkward  
to read a circus poster while shivering  
around the stove here in Kentucky.

### Notice to Confederate Veterans

A meeting of Camp M. D. Logan,  
No. 1336, U. C. V., will be held at the  
circuit clerk's office, in Lancaster,  
county court day, the 27th, at two  
o'clock, p. m. The election of officers  
and other important matters will be  
attended to, and every member is urged  
to be present.

Joe H. Arnold, Com'dr.

### Special Meeting for Children

Special arrangements have been  
made for Col. Charles Holt to lecture  
to the children, at the Christian  
church tomorrow (Friday) afternoon,  
at 2:30 o'clock. It is desired that all  
children attend this lecture, as it is  
especially for them. They are wanted  
at all the services, but this will be of  
unusual interest to them.

### No Water For Record Office.

Some idea of the cold weather can  
be had from the statement that the  
local pipe from water main to The  
Record office frozen next to the main,  
on side of street next to Stormes' drug  
store. It cost The Record about  
twenty-five dollars to have the pipes  
put in the building, and the loss of its  
work was a great hardship. The old  
saw, "You never miss the water 'til  
the well runs dry," will bob up once in  
a while.

### The Right Kind of Farmer.

There is a farmer over in Missouri  
who is a mighty staunch friend of the  
local paper. At a recent farmers' in-  
stitute he read a paper in the course  
of which he took occasion to remark:  
"As a rule the farmer knows no firm-  
er friend than the country press. The  
name paper is distinctly the farmer's  
own paper, supported directly or indi-  
rectly by the farmers, who compose  
the backbone of the printers' list and  
largely for what the enterprising  
merchant advertises. Now, brothers,  
let us not forget our friends. Let us  
see that our subscriptions are paid be-  
fore the first of January and a year in  
advance if we can afford it. The man  
or the paper that fights my battles  
shall have my support. Another, the  
merchants who advertise are the ones  
who make it possible for us to get a  
good local paper, and the men or firm  
who are too penurious to advertise and  
help support the local press have no  
right to the farmer's patronage."

### Fine Show at Danville.

Manager E. W. Lillard, of the Dan-  
ville opera house, has booked the  
greatest domestic comedy of the age,  
"The Missouri Girl," for matinee and  
evening performance Saturday, the  
18th. Troupe, which has been play-  
ing the larger cities, happened to  
have an open date, and Major Lillard  
was lucky enough to secure them.  
Telephone him and have seats reserv-  
ed, as this is the only high-class  
company coming nearer than Lexing-  
ton this season.

### Good for Lancaster Man.

A Washington special to the Louis-  
ville Times says: One of the highest  
salaried officers under the Panama  
Canal Commission has been given to  
Robert R. West, a Democrat, of Gar-  
rard county, Ky. He has been appoint-  
ed auditor of the Canal Commission,  
at a salary of \$4,000 a year, and will  
leave shortly for Panama to begin the  
discharge of his duties. Mr. West  
came here from Kentucky in February  
1884, served as a law clerk in the Treas-  
ury and then auditor for the Govern-  
ment Printing Office, on the recom-  
mendation of Auditor Person, who  
wrote to President Roosevelt, saying,  
"Mr. West can discharge the duties of  
any office he will accept." In casting  
about for a man to become auditor of  
the Canal Commission, Mr. Roosevelt  
and the Canal Commissioners selected  
Mr. West. He has appointed his son,  
W. J. West, to a \$1,500 a year place,  
and the young man will accompany  
his father to Panama. The younger  
West is also a good Democrat of the  
Kentucky stripe.

### The Weather.

Another cold wave swept over Ken-  
tucky Monday afternoon and Monday  
night was about the coldest of the win-  
ter. This is not satisfactory to any-  
one but the coal man.

The stock of patience of a patient  
people is now wellnigh exhausted.  
For nearly six weeks the weather has  
not smiled for more than two consecu-  
tive hours, and when the sun's face  
could be seen it was through tear dim  
med eyes as there was a biting wind  
from the frigid zones cutting about  
and making the sun appear billions of  
miles away and going farther.

Not only has Old Boreas been con-  
stantly present, but his mood has  
been bad. An hour's sunshine was  
followed by a flurry of sleet or snow.

When rain came it was ice before it  
had time to get into the gutter,  
and coated the earth's surface with  
slippery ice that has caused no end of  
discomfort. A few hours of high  
temperature was followed by a sudden  
drop of the mercury, the highs and  
lows fluctuating with such frequency  
that one was soon chucked full of  
influenza, pleurisy and other maladies  
attributed to an uncertain climate.  
Since January 10 the weather condi-  
tions have been worse than is usual in  
this climate. The mercury has ranged  
from zero to 35 degrees above and has  
done the "ranging" in spasms and fits.  
Several cold waves have been experi-  
enced, and they came on the heels of  
each other; a few rains have fallen,  
not to melt snow and ice, but to make  
more ice; snows have fallen as rapidly  
as they were melted, and altogether  
this section has been given a sample of  
weather that would put to shame an  
Alaskan winter.

### New Doctors.

Dr. J. A. Amon, who has decided to  
move from McCreary and locate in  
Lancaster, has rented J. C. Thompson's  
residence. Dr. McNeiss, of Harrison  
county, has rented the Dr. Grant of-  
fice and will locate here.

There was never more sickness than  
at present. The doctors are very busy.

### Not Six in the County.

The County Superintendent in a  
neighboring county asked all of the  
teachers at the Institute who took  
their local or county paper to hold up  
their hands, and only six responded.  
He expressed great surprise and said:  
"You don't spend a couple of dollars  
with those papers, yet you expect  
them to print free of charge notices  
of all institutes; insert long programs;  
expect them to advertise you, thus as-  
suring you better positions and salaries  
without paying a cent in return.—Ex

### Interesting Lectures

Col. Charles Holt, of Chicago, has  
been doing much good for the cause of  
temperance by his splendid lecture in  
this city this week. As stated in last  
issue of The Record, Col. Holt comes  
under the auspices of the W. C. T. U.  
Large crowds have heard him and  
many compliments have been passed  
upon his eloquent and logical talks  
against the liquor traffic. He will lec-  
ture each day this week at 2:30 and  
7:30 p. m., in the Christian church  
and a grand rally will be held at the  
Court House Sunday evening at 7:30.

The public is cordially invited to  
attend these meetings. All the  
churches will abandon their usual  
service Sunday night and unite in the  
meeting at the Court House.

### "Consistency."

In this issue, we print the ordinance  
requiring outside clothing men to pay  
a license of fifty dollars. Last week,  
a fellow, (who would not come here to  
sit up with the sick, pay one cent  
toward keeping up the streets, write  
one line about a splay-footed  
daughter's marriage or party, hire  
printers to set up some long winded  
lie of an obituary, fail to refer to the  
goody goody church members he has  
been winking (?) at certain women, et  
cetera,) came to the good city of Lan-  
caster and took orders for printing  
which, had they been given to the  
home office, would have enabled us to  
pay a year's rent, our taxes, water and  
light rent. Consistency may be a  
jewel, but it takes "Uncle's" testing  
acid to prove the genuine article. We  
want no law to keep out other print-  
ers, but we do want the other fellow  
to be given the job of writing the  
puffs.

### Not so Easy.

People think it easy to run a news-  
paper. An exchange says that one  
week's experience would change the  
opinion of most people on this subject.  
Did you ever count the words in a col-  
umn of ordinary newspaper print?  
There are about two thousand words  
in a column. Suppose you sit down  
and write a thousand words on some  
subject; and then another thousand on  
another until you have written eight  
or ten thousand. Try it, and see if it is  
right easy. Keep that gait up for a  
month, a year, and see if it is easy.  
Then chase a local all over town, and  
after you have gotten the facts all  
right, condense them into a few lines—  
an hour's work that can be read in a  
few seconds. Do this for a dozen items  
that seem insignificant after they are  
printed, but which you know are im-  
portant; then have the items criticised  
and inaccuracies pointed out to you  
when it is too late to correct them.  
Oh yes, it is easy to run a newspaper.

Kentucky Wesleyan College, at Win-  
chester, was destroyed by fire with all  
its contents. The loss is \$75,000, with  
insurance of \$20,000. It was the official  
school of the Methodists of Kentucky  
and West Virginia. The building  
was erected in 1891.

Business has been at a standstill all  
this month. Matters will brighten up  
when the "thaw" comes.

### ENTERED INTO LIFE.

The gentle spirit of our beloved sis-  
ter, Catharine Waits, passed from this  
earth and entered into the New Life  
just one week ago. The Aid Society  
of which she was a most helpful mem-  
ber, will greatly miss her sympathy  
and encouragement. A stronger Chris-  
tian character, a more generous and  
loyal member we have never lost. She  
will be missed by the Society, but the  
influence of her strong, wholesome, con-  
sistent personality will remain, inspir-  
ing others to noble and courageous liv-  
ing. Truly she was one of God's be-  
loved of faith, and she leaves us with  
the heritage of a well spent life. To  
the family, for whom she was a minis-  
tering spirit so long, the Ladies Aid  
Society extends Christian sympathy  
and love. Mrs. Victor Lear, Pres.  
Mrs. Robt. Elkin, V. Pres.  
Mrs. McRoberts, Secty.

### PARENTAL RESPONSIBILITY.

I fear parents do not study carefully  
their duty to God and their children.  
They should seek a true idea of the  
home, as it lies in the mind of God, as  
revealed in His word. They should  
faithfully perform their duty as unto  
the Lord. They should ever keep in  
mind the trust committed to them  
and the solemn obligations that rest  
upon them. They are prone to become  
absorbed in other things and neglect  
their children. The father, ingrossed  
in business, turns over the children to  
his wife, the mother busies herself  
with the literary circle and too often  
with the afternoon card club, and the  
claims of the little ones are ignored.  
For a like reason, the Sabbath School  
is expected to take the place of Bible  
training in the family. They forget  
the fact that they are training their  
children for Eternity. It is almost in-  
variably true that the character devel-  
oped in childhood determines the char-  
acter of the adult. It has grown into  
a proverb that "the boy is the father  
to the man." The greatest earthly re-  
sponsibility is the responsibility of the  
parent for his child. The Governor in  
his chair, the President in his office,  
the King upon his throne, does not oc-  
cupy so important a place as the pa-  
rent toward the child. In the home  
children learn reverence toward God  
and obedience to authority. If these  
two lessons are not taught and enforc-  
ed in the homes, we may expect that  
the school, the church and the state  
will all suffer on account of parents  
neglecting their duties to their chil-  
dren. Selected.

### DISCUSSION BY PROMINENT LANCASTER CITIZENS.

FERGUSON:—"I've fished in the streams of Florida, in the great lakes and many other noted places, but I would not  
give one day's fishing in old Dix river for all the rest."

ANDERSON:—"Yes, by-jacks, Bill, you're right, you know."

MAJOR BURNSIDE:—"Well, I've fished in South America, in New Mexico and many of the old countries, during  
my travels, but could always get a good bite quicker, and catch bigger fish easier out here at Joe  
Arnold's pond than any place I ever wet a line."

## CENTRAL RECORD.

Issued Weekly. \$1.00 per Year.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as  
Second-Class Mail Matter.

Lancaster, Ky., February 17, 1905

Are people generally honest? Are you, yourself honest in all things, small as well as great? Would you call the attention of the railroad conductor to the fact that he had overlooked you in collecting fares? Do you tell the assessor everything you owe and set it down at what you really think it is worth? Would you hunt very hard for the owner of a \$10.00 bill, if you were to find one? Would you call the grocer up and tell him he had made a mistake in your favor in making out his bill? Rather leading questions these, brought to mind by reading of conversions of the Sunday-only Christians in the big revivals being held over the country. The average head of a corporation furnishing a public utility and dealing with large numbers of people is a bit cynical about human nature and will tell you that the average man or woman stands ever ready to "beat the company" in a small way. Yet there can be no doubt that most people intend to be honest and are honest in all the larger essentials. But it must be admitted that the temptation to get the better of the railroad company, the telephone company, the water company and all other corporations enjoying public franchises and dealing in common public utilities is very strong within all.

A Kentucky man, under a recent date, writes to the editor of a New York paper as follows: "This morning while it was still raining hard there appeared in my back yard a flock of about forty robins, looking sleek and in good health. Where do you suppose they came from and what does their appearance mean anyhow?" The appearance of robins during such weather as this means that the man who sees them had better change brands or resort to heroic treatment.

A Philadelphia preacher has raised the question of whether a sincere Christian may be an active politician. If the reverend pulpit-pounder will produce a sincere Christian who dabbles at all in politics, he will show up the eighth wonder of the world.

There are 258 persons employed in the kitchen of the Czar of Russia. And we wouldn't give one dinner cooked by an old-fashioned, black, Kentucky "Mammy" for all the fool stuff those 258 people could cook up in six weeks.

Mme Schumann Heink, the noted singer, has fallen in love with Cincinnati and will make that city her home. No wonder. You can look at that name and tell she loves beer and sweeter cheese, the two necessities to make a good Cincinnati.

We cannot think of a meaner trick than that of one's friends, who are sitting in their shirt sleeves, on the porches of Southern resorts, sending him a picture of that luxury during these freezing times.

The present cold spell will be followed by the predictions that "the backbone of winter is broken," says an exchange. Be not deceived, nothing short of an electrocution will put winter out of business.

The gallows is playing an important role in Kentucky just now. If the juries and officials will not weary in well doing, it will be well for the old Commonwealth. Let the good work proceed.

An up East Yankee has devised a swinging bunk which he claims will do away with sea sickness. The day is not distant when a fellow can cross the pond without giving up so much.

Prominent ministers are predicting that a religious revival will soon sweep over the country. Yes, and it will find the majority of the people in their religious storm cellars.

You may talk about the wireless telegraphy, the horseless carriage and so forth and so on, but the fortune of fortune awaits the inventor of a next-morningless jag.

A Cincinnati man committed suicide the other day with a pair of scissors, and Editor Jim Allen, of the Cincinnati Democrat speaks of his life being "cut off."

It took the Kentucky Legislature twenty nine days, (at a cost of only \$1,200 per day) to pick out the only site in Frankfort level enough to hold the new Capitol.

It is said that Anna Held, the noted actress is very fond of eggs. As Anna won \$60,000 gambling on Wall street, recently, she is able to feed on hen fruit at its present price.

There is a surplus of \$10,000,000 in the Pennsylvania state treasury, which goes to prove that the officials up there are not on their job.

Who isn't glad that February is the shortest month? A still further bobbing off would not be objectionable.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 55 years. A sure protection to you is our name on the wrapper. Look for it on all Dr. King's or Bucklen's remedies as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill. and Windsor, Canada. 1m

John W. Gates made the prediction in Chicago Tuesday that there would be a big advance in wheat within the next sixty days. Some of the Chicago brokers say the price will go to \$1.50 a bushel.

Gov. Beckham has signed the bill for the purchase of the Hunt property for the site for the new Capitol. The additional block desired by some members of the General Assembly will not be purchased.

Bucklen's Arnica Salve stopped the pain and healed it without a scar." Also heals all wounds and sores. 25c at R. E. McRoberts, druggist. 1m

# Gossip About People

A Brief Mention of the Comings and  
Goings by Those Who Are Interested In.

Mrs R H Batson is in Brodhead visit-  
ing her parents, Mr and Mrs Hilton.  
Little Porter Scott Hudson, who has  
been quite sick, is reported some bet-  
ter.

Mr William Hyatt of Winchester,  
is visiting his mother, Mrs Rebecca  
West.

Little James Acton Smith is much  
better at this time, the infant of Mr.  
and Mrs James L. Smith.

Miss Margaret Tomlinson returned  
Tuesday from several weeks visit to  
relatives in Lexington.

Mr John F Lear, whose illness was  
noted in a recent copy of the Central  
Record, continues very ill.

Miss Mary Landram Burnside has  
returned from a protracted visit to  
her cousin, Miss Gena Dunlap, of Lex-  
ington.

Misses Attie and Bessie Marksby  
have returned from a very pleasant  
visit to their sister, Mrs A H Rice, of  
Louisville.

Mrs T L Wall and little daughter,  
have returned from Somerset, where  
they have been visiting her parents,  
Mr and Mrs R A Stone.

Mr E W Norris was here this week  
taking orders for his firm, the Kellogg  
Grocery Co., Richmond. Ed has built  
up a good business for his firm, as his  
courteous manners and honest deal-  
ings makes friends of all with whom  
he comes in contact.

Mr Johnnie Eanes from Hamilton  
Ohio visited his cousin's Mr. and Mrs.  
James L. Smith and family, also his  
mother and little brother Jessie, the  
first part of last week. They left  
Wednesday on the early train for  
Hamilton Ohio their future home.

Mr Paris Mahan, of Williamsburg,  
was here Saturday and Sunday on a  
visit to relatives and friends. Mr Ma-  
han is engaged in general merchandis-  
ing in that city, and is meeting with  
much success. He is an honest, up-  
right, Christian boy and deserves all  
success.

Nicholasville cor. Courier Journal:—  
Misses Ethyl West and Bessie Gully,  
of Lancaster are visiting Misses Em-  
ma and Lyda West. Wednesday night  
the guests were entertained by the  
Misses West, Thursday night by Miss  
Dora Murphy and Friday night by Mrs  
M D Walker

Senator George T Farris returned  
Friday, from Frankfort, where he has  
been helping to select a site for the  
new Capitol. Senator Farris, by his  
wise course and gentlemanly bearing,  
has won a reputation over the entire  
state. George's head is level on any  
proposition you may spring, and what-  
ever he tells you is just that way, or,  
at least, he firmly believes it is that  
way.

Mr. and Mrs. R. L. Jennings came  
down from Paint Lick this week, and  
will be with Mrs Jennings' parents,  
Mr and Mrs. J. C. Thompson until  
both families leave for California,  
which will be early in the Spring. Mr.  
Jennings, who has closed out his busi-  
ness at Paint Lick, sold his personal  
property in that city Saturday, getting  
good prices. Mr Jennings has been  
in business at Paint Lick for several  
years, and had built up a splendid  
trade, which only bad health forced  
him to give up. He is not only a good  
business man, but a Christian gentle-  
man who will make friends wherever  
he goes, and The Record joins a long  
list of friends in wishing him the best  
of everything good.

This is the way a country editor  
wrote up a recent wedding: "The bride  
was born of honest but well-meaning  
parents, and could walk alone at six  
months; at ten she could run real fast  
and has never slackened her gait. She  
has many friends—most of them dead  
ones. The happy couple took a bridal  
trip to the cross Roads, and will be at  
home with the old man until they are  
kicked out."

Many to Hang.  
The fact that thirteen men are now  
under sentence of death goes to show  
that juries have been doing their duty  
and that murders are being made to  
pay the penalty for their crimes. The  
Courier Journal, speaking of the num-  
ber slated to go via the hempen route,  
says:—Some of them have exhausted  
every chance for life, and are calmly  
awaiting execution day, which has al-  
ready been fixed, while others are yet  
struggling with fate in attempts to es-  
cape the extreme penalty of death.  
Five of the number who juries have  
said are guilty of murder and must  
pay the penalty with their own lives  
are incarcerated in the Jefferson coun-  
ty jail, while the remaining ones are  
scattered over the State.

Those in the Jefferson county prison  
are: Caleb Powers, convicted of com-  
plicity in the murder of William Goe-  
bel; his case has been remained for a  
new trial; William Van Dalsen, con-  
victed of the murder of Fannie Porter  
his mistress, George Warner; murder-  
er of Pulaski Leeds, Jacob Bishoff, for  
the brutal murder of his wife, James  
Thomas and Edward Brown, negroes,  
convicted of wife murder.

John and Ed Taylor and James  
Smith convicted of the murder of a  
white man, are awaiting execution in  
the Fayette county jail at Lexington;  
Tom White, convicted murder of  
Thomas Marcum, is awaiting execu-  
tion in the Covington jail; Roy Green  
and James Coomes, negroes, are under  
sentence of death in the Owensboro  
jail, Green for killing a white man  
and Coomes for the murder of his wife  
and four negroes are in the Hopkins  
county jail awaiting execution for the  
murder of an unknown white man a  
year ago. This is said to be the lar-  
gest number of men ever under sen-  
tence of death at one time in this  
State. In addition the number of le-  
gal hangings in recent months has been  
far above the average in Kentucky.

Give us the News.  
An exchange prints the following  
item which has been current newspa-  
per property for many years, but it is  
worth producing for the benefit of  
those who seem to think that a news-  
paper purposely ignores them.

"There never was a paper in any lo-  
cality that gave all the n. w. Persons  
often come and go that the reporter  
does not see. It often happens that a  
family is missed several times. They  
get the impression that the paper does  
not care to mention them. It is a mis-  
take. The paper has no ill feeling nor  
spite nor enmity against anybody. Do  
not be afraid to give us items of inter-  
est. Perhaps you think the paper  
shows partiality, but try and see if it  
doesn't treat you well if given a chance.  
If you don't see us to tell us of any  
happening or news item at your home,  
use the telephone or drop it in the post  
office, but don't fail to give your name  
so there will be no mistake about it."

New Stockings on Exhibit.  
In all the shops dainty hosiery is be-  
ing displayed in new patterns of wid-  
est variety. Never have silk stockings  
been woven in firmer mesh, or em-  
broideries and insertions been design-  
ed more attractively. A very charm-  
ing design is that of a flight of tiny  
pink butterflies over the instep on  
black silk hose of diaphanous texture.

Another new and pretty pattern is  
the single rose, full blown and of a  
vivid red, placed just over the instep.  
Black silk, always the most popular  
stocking, offers the only suitable founda-  
tion for embroidery in color. Other  
shades of hosiery are embroidered in  
self-color or with only a slight change  
for contrast.

Bronze colored hose, not brown, but  
genuine bronze of shimmering silk,  
may be had with a loop pattern of fine  
open work. These are suitable only  
for wear with bronze slippers. They  
cost \$3.25.—Fashion Journal.

"People Will Talk."  
Yes, people will talk.  
The saying is true—  
They talk about me,  
And they talk about you.

If we go to the opera,  
Some one will say  
We "should go to church  
And learn how to pray."

If we go to church  
And offer up our prayers,  
They say we are hypocrites  
And putting on airs.

If we are rich,  
They call us a thief,  
Scoff at our sorrows,  
And laugh at our grief.

If we are poor,  
They say that we shirk,  
Were always lazy  
And never would work.

They talk of our prospects,  
They talk of our past,  
And if we are happy,  
They say it can't last.

They talk of our loved ones,  
They talk of our foes,  
They talk of our follies,  
They talk of our woes:

They talk of our joys,  
They talk of our fears,  
They talk of our smiles,  
They talk of our tears.

They talk if we're single,  
They talk if we wed,  
They talk of us living,  
And will talk of us dead.

Tho' we live like an angel,  
With circumspect walk,  
Our efforts are useless—  
For people will talk.

# REV. BARNES. Strange Doctrine the Noted Evangelist is Now Preaching.

Hartford Herald:—Rev George O.  
Barnes, the noted itinerant evangelist,  
has been preaching in Hartford, Ky.,  
to good crowds the past week. Rev.  
Barnes is now in his 78th year, yet he  
seems hale and hearty. He has been  
preaching fifty years. He is the son  
of a Presbyterian minister, and as a  
preacher has gained a national reputa-  
tion, which spread to other continents.  
For twenty years he preached what he  
termed the common, well-known doc-  
trine of the Presbyterian church. Then  
a change came over him, and for the  
past thirty years he has been preach-  
ing a doctrine which is strange to  
many people, but which he says he  
is able to substantiate by the scrip-  
tures. It is a creed which mystifies  
many. For instance, he holds that  
there are three bells of future punish-  
ment, viz: the old-fashioned Hades,  
Gehenna, where many professed chris-  
tians will go for a season, and  
Tartarus, the temporary abode of the  
fallen angels. Rev. Barnes repudiates  
the popular theory that the devil is a  
fallen angel. He quotes scripture,  
which says that the devil was not only  
a liar from the beginning, but a mur-  
derer, and therefore he could never  
have been an angel of light. Rev.  
Barnes does not believe in eternal  
punishment. His idea is that souls  
will be punished a length of time  
commensurate with the sins they  
have committed and according to  
their standing before God. At the  
last grand wind up, the devil will be  
annihilated, and the imprisoned souls  
torn loose. This, he says, is pos-  
sible, from the fact that the devil is  
not immortal and that souls are mor-  
tal. He says Christ went to hell and  
tasted of its torments for every per-  
son. This, he avers, was unavoida-  
ble, from the fact that Christ took  
the part of a substitute for man in  
every sense of the word. Man, says  
Rev. Barnes, is made up of three  
elements, viz:—the body, the soul and  
the spirit. The body and the soul, he  
says, are mortal, while the spirit is  
that immortal, God like attribute of  
every man, saint or sinner, which  
at death returns to God who gave it.  
His idea of the "unpardonable sin" is  
attributing to God the works of the  
devil. In Christ's time, he says, this  
practice was reversed—attributing to  
the devil the works of God—but that  
it is the same thing either way, and  
that those who entertain this idea,  
whether preachers or laymen, will  
surely be damned. He says God never  
afflicted or punished anybody—that  
all physical ills or misfortunes come  
at the hands of the devil—"the prince  
of the power of the air." These are  
only a few of the salient points of his  
strange creed. Rev. Barnes set out  
about two years ago to preach in every  
county-seat in Kentucky. He says he  
felt called of God to do this in his  
native State. This is his 96th county  
and he has 23 county seats yet to  
make. He travels under the auspices  
of no church or organization, depend-  
ing upon voluntary contributions to  
promote his work. His sermons at  
Hartford have created much comment  
and set many people to thinking.  
Whether you agree with him or not,  
you cannot doubt his deep earnestness  
nor the evident inspiration which sus-  
tains him.

# Winter Meat Eating.

The Poor Stomach's Tale of Woe.  
Just Now Mi-o-na is Needed.

At this season of the year thou-  
sands of people are already showing the  
ill symptoms that are sure to result  
from the usual winter diet. Indoor  
life, meat-eating, hearty food, lack of  
exercise, overwork, and poor ventila-  
tion spell "sickness," and poor health.  
If the stomach cannot do its work  
properly, ill health is sure to follow.  
Mi-o-na is the one medicine that as-  
sures a natural digestion, that stren-  
gthens the stomach, that soothes and  
heals all irritation, congestion, and in-  
flammation in the stomach or bowels.  
It is this that makes it a certain and  
guaranteed cure for all stomach trou-  
bles.  
If the digestion is impaired, the  
blood is impoverished and becomes fill-  
ed with poisonous impurities, derang-  
ing whole system and causing sickness  
and suffering. Mi-o-na, acting upon  
the stomach and digestive organs  
cures sleeplessness, nervous troubles,  
headaches, backaches, and general  
weakness and debility.  
If you are weak and ailing the  
chances are that it is due to a diseased  
stomach, but you can be cured by us-  
ing Mi-o-na. Ask R E McRoberts,  
the druggist, to show you the strong  
guarantee under which Mi-o-na is sold.  
Mi-o-na costs but 50c a box. If it does  
not help you the price is absolutely  
nothing. Sold by R E McRoberts. 1m

# None Like the Cow.

There is not a thing from nose to  
tail but what is utilized by man. We  
use the horn to comb our hair; her  
skin is upon our feet, her hair we plas-  
ter upon our walls; her hoofs make  
glue; her tail makes soap; she gives  
our cream, our milk, our cheese and  
our butter, and her flesh is the great  
meal of our nation; her blood is used  
to make our sugar while her bones are  
ground to fertilize our soil, and even  
her paunch she herself has put thro'  
the first chemical process necessary  
for the production of the best white  
card board paper, and now they have  
discovered that such paper can be  
made into the finest quality of false  
teeth.

# Reason for Thankfulness.

The sermon had been a long one on  
the subject of "Giving." The minis-  
ter nominated certain brethren to  
"wait on" the congregation, and the  
congregation groaned in the spirit, but  
went down in their wallets neverthe-  
less.  
When the requisite amount had been  
contributed, the pastor of the church  
stepped impressively to the front, and  
the men in the pews glanced at each  
other apprehensively.  
"Brethren," said he, "Brother  
Smith will be with us again tonight—"  
"And he wont take up a collection,"  
interrupted Brother Smith.  
The choir raised a jubilant note:  
"Praise God," it sang, "from Whom  
all blessings flow."

# Egg Famine.

Eggs are getting scarcer all the  
time in this county and from all  
appearances the hens have gone on a  
strike. This seems to be the general  
condition all over the country. A dis-  
patch from Chicago says: "Chicago  
faces the worst famine in its history,  
according to local commission men  
and the price may go to fifty-cents a  
dozen or higher in a few days. The  
cold wave is the cause of the shortage,  
and it has been of such long con-  
tinuance that the storage supply is al-  
most exhausted. Shipments from  
the country are expected to be almost  
nothing for the next three weeks. Ex-

If the stomach cannot do its work  
properly, ill health is sure to follow.  
Mi-o-na is the one medicine that as-  
sures a natural digestion, that stren-  
gthens the stomach, that soothes and  
heals all irritation, congestion, and in-  
flammation in the stomach or bowels.  
It is this that makes it a certain and  
guaranteed cure for all stomach trou-  
bles.  
If the digestion is impaired, the  
blood is impoverished and becomes fill-  
ed with poisonous impurities, derang-  
ing whole system and causing sickness  
and suffering. Mi-o-na, acting upon  
the stomach and digestive organs  
cures sleeplessness, nervous troubles,  
headaches, backaches, and general  
weakness and debility.  
If you are weak and ailing the  
chances are that it is due to a diseased  
stomach, but you can be cured by us-  
ing Mi-o-na. Ask R E McRoberts,  
the druggist, to show you the strong  
guarantee under which Mi-o-na is sold.  
Mi-o-na costs but 50c a box. If it does  
not help you the price is absolutely  
nothing. Sold by R E McRoberts. 1m

## THAT RED STAIN

On the handkerchief sends a chill to the heart of the woman who had kept on thinking—"the cough will get better after a while." Now she knows the fight for life is on and looks eagerly around for medical aid.

There is one medicine whose marvelous record for cures commands it at once to every sufferer from lung troubles as safe and sure.

Dr. Pierce's Golden Medical Discovery cures obstinate, deep seated coughs, bronchitis, weak and bleeding lungs, emaciation and diseases generally, which, if neglected or unskillfully treated, terminate fatally in consumption.

"In the 'Lewiston Journal,' November 15th, 1901, printed in Lewiston, Maine, I find an advertisement of your 'Golden Medical Discovery.' I want to tell you what the 'Discovery' did for me years ago for spitting of blood. The first three bottles helped me so that I was practically cured for one year. Then I took three bottles more with the same result, and lastly I took three bottles more, making nine bottles in all. It has now been over fifteen years and I have not been troubled with spitting any more blood."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

## RUSSIAN CAVALRY BARRACKS

The Soldiers' Quarters Are Plainly Furnished and Kept Scrupulously Clean.

Near the woods, across the plains, were a number of low wooden buildings that looked like sheds and which were so inconspicuous that they would have been unseen had not the music of the bugle attracted the passer-by, says the Newark News. The officers' quarters were in front, quite apart from the men's barracks, which were ranged in a straight row with the stables behind. The rooms were filled with hundreds of little beds, each bed having a hard mattress, one pillow and a coarse woolen blanket for covering. Underneath the bed—the springs do not give—was the soldier's box containing his kit. All through the room at regular intervals there hung the picture of the czar, with colored chromos of the heroes and saints in picturesque attire.

The ceilings were very low and the windows few and far between, but everything is kept scrupulously clean. The kitchens in back have large brick ovens, where the black bread is baked and the huge pieces of meat are cooked. Large copper caldrons, shining like suns, are always on the stove making soup, for the Russian army observes two fast days every week, Wednesday and Saturday, when lentil soup and black bread comprises the dinner. The favorite drink of the soldiers is water with rye bread soaked in it, which gives it a delicate flavor and quenches thirst. Their day is filled with drills and work, when they are taught to ride their horses and fight with or without them. At night the regiment takes a walk before turning in, and as they walk the soldiers always sing the sad, melodious songs of the fatherland.

## MESMERISM CURE FOR BITE

Writer Tells of Eliminating Deadly Wound Inflicted on a Coolie by Venomous Snake.

When I was stationed at Nowshera news was brought to me one morning that one of my coolies had been bitten by a snake and was dying, says a writer in the Madras Times. I hurried to his hut and found the man unconscious and bleeding from his mouth and nose. A few passes from the head downward stopped the bleeding. I continued the passes and in ten minutes he was able to open his eyes, but unable to speak or move his hands or limbs.

I continued the passes and after the lapse of another five minutes he was able to speak feebly and indicate the seat of pain. Each pass gradually worked the poison downward and the man's speech grew stronger by degrees, and in half an hour's time from the beginning of the operation the man was able to sit up. Having worked the poison down below the knees, I tied a ligature below the knee and sent him to a hospital, where he eventually recovered. He was bitten in the right foot. I should very much have liked to have carried the experiment out to the end and have bled him, but not being a medical man, and as there was a hospital only a few miles distant, I had to submit to circumstances.
